## **Oil & Gas** Division Fire Fighting Solutions

STC-O&G-20190831 V. 2019 R0

NAFFCO provides fire extinguishers to meet every type of emergency. Our fire extinguishers are fully certified and have been rigorously tested to ensure that they provide the required protection for your property. We stock the following types of fire extinguishers: CO<sub>2</sub>, Dry Powder, Water, Foam, Clean Agent and Wet Chemical.

## Fire Extinguishers

### » Product Range:

- CO2 Portable Fire Extinguishers
- Dry Powder Fire Extinguishers
- Water Portable Fire Extinguishers
- Foam Portable Fire Extinguishers
- Wet Chemical Fire Extinguishers
- Clean Agent Fire Extinguishers

## Fire Hose Reels & Accessories

### » Product Range:

- Semi-Rigid Reel Hose
- Fire Hose Reel With semi-Rigid Hose
- Lock shield Valve

## Fire Hoses

### » Product Range:

- Single Jacket Hose
- Double Jacket Fire Hose
- Pu Lined Hose
- Fire Hose Rack Assembly

## Fire Cabinets / Valves and Riser Equipment

### » Product Range:

- Cabinet for Fire Hose Reel
- Fire Equipment And Breeching Inlet
- Through-Penetration Fire-stop systems

## Fire Hydrant

### » Product Range:

- Dry Pillar Fire Hydrant's
- Dry Barrel Fire Hydrant's
- Wet Barrel Fire Hydrant's

NAFFCO supplies the best selection of Water & Gas based extinguishing systems as part of our fire fighting solutions. We provide Clean Agent Fire Suppression Systems, CO<sub>2</sub> Systems and our own NAFFCO Inert Gas System. Our suppression systems are known for their reliability and efficiency. Our systems have been certified by FM and UL and will provide excellent protection.

## Fire Protection (Fire Suppression) System

### » Product Range:

- Water-based System
- Gas-based Extinguishing System
- Foam-based Extinguishing System
- Powder-based Extinguishing System
- Wet Chemical Fire Suppression System

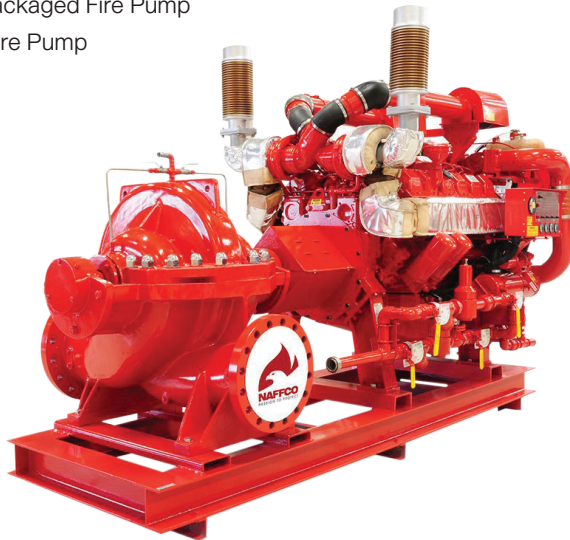

We provides custom configured packaged Fire Pump sets that are designed based on the special requirements from customers. They are compact and occupy less space. They have less maintenance cost and easily available spares. NAFFCO Seawater Packaged Fire Pump Set is specifically designed to meet the challenging needs of seawater fire pump applications

## Fire Pump

### » Product Range:

- Horizontal End suction Pumps
- Horizontal split Case Pumps
- Vertical Turbine Pumps
- Custom Configured Packaged Fire Pump
- Seawater Packaged Fire Pump
- Certified Fire Pump

## ARFF Vehicles on Custom Built Chassis

ARFF FALCON series are the right choice for airport firefighting and rescue; these vehicles are built to meet the requirements of fast intervention in case of emergency exceeding the applicable standard NFPA 414 and ICAO regulations. Chassis options American or European origin.

Model	Drive	Approx. HP	Water Tank (L)	Foam Tank (L)	Fire Pump Capacity (LPM@10 bar)	GVW (T)
Falcon-4	4x4	500	6,500	780	6,000-10,000	24
Falcon-6	6x6	700	12,500	1,500	6,000-10,000	36
Falcon-8	8x8	900	16,500	1,920	6,000-10,000	52

## Industrial Firefighting Vehicles

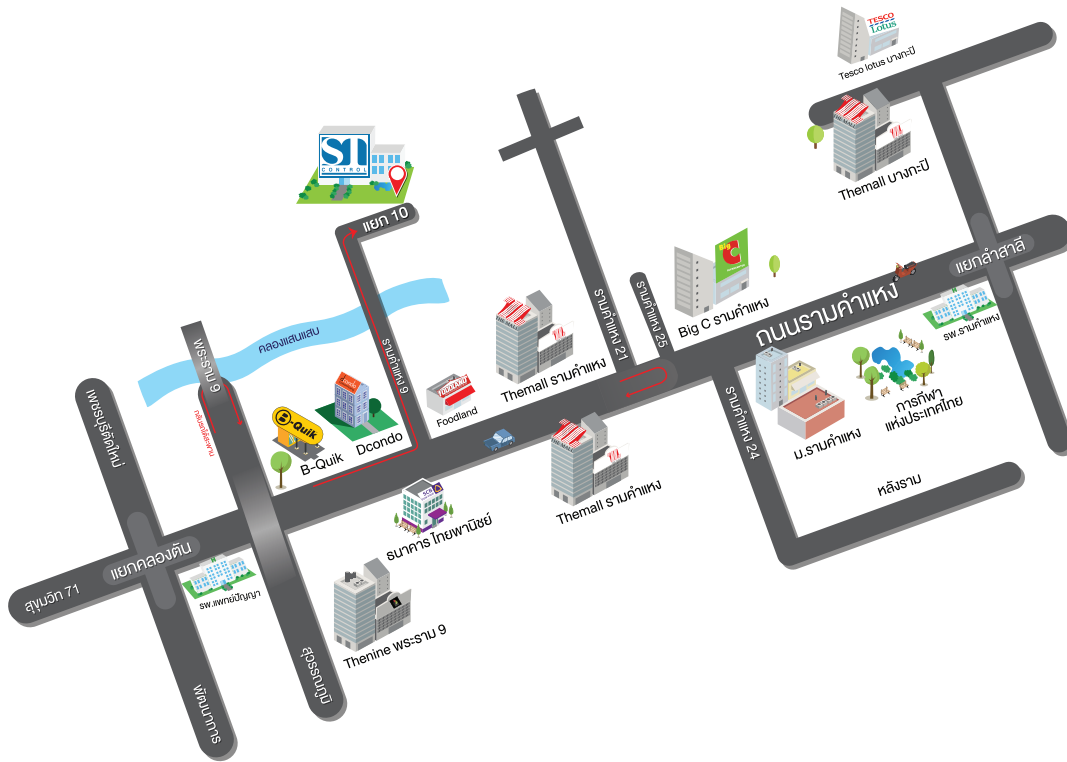

Industrial Firefighting Vehicles For protection of industrial assets NAFFCO provides a complete range of vehicles able to carry large amounts of foam, dry powder and water. The chassis are provided with safety features as spark arresters and engine shut off valves, in line with the internal regulations of the industrial sector. Chassis commonly used are Mercedes, MAN, Iveco, International or Freightliner.

Model	Drive	Minimum HP	Cabin	Water Tank (L)	Foam Tank (L)	Fire Pump Capacity (LPM@10 bar)	GVW (T)
NFI-30/30-DC	6x4	310	Double	3,000	3,000	4,000	27
NFI-50/50-DC	6x4	310	Double	5,000	5,000	6,000	31
NFI-60/60-SC	6x4	390	Single	6,000	6,000	6,000	33
NFI-0/11-DC	6x4	390	Double	NA	11,000	10,000	33
NFI-0/22-SC	6x4	480	Single	NA	22,000	NA	35
